

Muxuu saynisku isu beddelaa?

Luulyo 2022

Waa caadi in uu saynisku isbeddelo.

Khasab ma ahan in saynisyahnaddu ay horey u khaldameen - waa in ay hadda wax badan ogyihiiin. Maadaama saynisyahannada adduunka oo dhan ay sameeyeen cilmi-baaris badan, tijaabooyin badan, oo ay sameeyeen indho-indhayn ama u fiirsashooyin cusub, sidoo kale waa caadi in gunaanadkoodu uu sii kobco.

Tani waa sababta ay had iyo jeer muhiim u tahay in la eego taariikhda iyo isha macluumaadka, gaar ahaan loogu talagalay wax si degdeg ah isu beddelaya sida cudurka COVID-19!
